CAREER SUCCESS

As a physiotherapist, you will help many to improve or regain their health, mobility and quality of life. You will work with patients who are disabled, elderly, or have movement challenges, as well as those recovering from sickness or surgery. Nothing should stand between you and your passion. At INTI, you can focus on things that matter to you, whether it’s improving lives wherever you go, helping our students develop academically and professionally, or pursuing your own education with your dream in mind, and creating the future you desire. We will help you fulfill your aspirations and achieve your dreams. With the support of the school, we can help you experience new opportunities and gain experiences that will serve you well in your future career.

STRENGTHEN YOUR CAREER SUCCESS

You will be surprised by the number of people who need your expert touch, abilities with sports injuries, the standard and the many ways in which rehabilitation professionals can make a difference in the lives of their patients. As a rehabilitation professional, you will have the opportunity to work in a variety of settings, from hospitals and clinics to sports centers and private practices. You will help people who are suffering from a wide range of conditions, from sports injuries to chronic pain conditions. With the right training and skills, you can help people lead active, healthy lives.

Get ready to mobilise your career goals.

BSc (HONS) PHYSIOTHERAPY

Students will learn how to evaluate, treat and prevent functional limitations. They will be equipped with the skills to prevent and treat injuries, as well as the knowledge and experience to formulate physiotherapeutic exercises and interventions. This program will also ensure students develop communication, organisational and team work skills.
