ENGLISH IMPROVEMENT PROGRAMME

The English Improvement Programme (EIP) is a general English Proficiency programme designed for non-native speaking students who wish to improve their English language skills. This helps them prepare for further studies, which are delivered in English at the undergraduate levels at INTI College. This comprehensive programme equips student with the English language skills required for personal, academic and professional needs. It is an intensive language course covering four levels, taking learners from the complete beginner’s level to the upper-intermediate level.

Highlights
- This programme conducts immersion activities like visits to museum, parks, beaches and historical buildings
- It prepares students to further their studies at Certificate, Diploma and Foundation levels

Learning objectives
This course aims to:
- Familiarise students with the four language skills and grammar structures through meaningful and interesting situations and activities
- Provide students with a conducive English speaking environment
- Provide students with the opportunity to apply and use simple rules of grammar in a meaningful context

Programme duration
15 weeks per semester (One Level)
