FOUNDERATION IN DESIGN

The Foundation in Design programme offers a broad-based scope for exploration and experimentation that will enable students to become independent thinkers, creators or designers. Students are exposed to topics and projects which will allow them to become creative thinkers and find practical applications that can be translated into working ideas and designs.

The programme also enables students to develop a range of practical skills and fundamental knowledge in relation to art & design, preparing them for smooth progression to a design degree of their choice.

Highlights
- Pathway to a quality UK Design Degree offered at INTI
- The curriculum covers broad theoretical and practical design skills
- Teaching and learning is supported by experienced lecturers, ensuring a smooth progression to degree studies
- Specialist lecturers who are also design professionals
- Experiential and innovative learning via Project-based Learning
- The programme and curriculum emphasise multi-cultural perspectives
- Design-driven learning environment with state-of-the-art facilities

Offered at
INTI International College Subang
INTAKES: JAN, APR & AUG

CERTIFICATE IN ART & DESIGN

This programme emphasises the development of basic knowledge, skills and appreciation of art & design. Students will learn basic design skills, engage in a broad range of design explorations and experiment with a variety of tools, media and fundamental techniques in art & design.

Design project work is the core of the programme. It enables the practice of creative skills and integrates knowledge acquired in colour studies, drawing, painting, basic photography, design elements, basic creative digital application and more. In addition, students will gain fundamental skills in art & design and problem solving that will help them advance to higher studies and lifelong learning.

Highlights
- Diploma pathway to study graphic, interior, fashion or interactive multimedia & animation design
