The MBA curriculum comprises eleven core subjects and one elective subject. Each of the core units are designed to develop student’s core competencies, ranging from strategic analysis and decision making through to an appreciation of global business challenges, complemented by people, financial, marketing and system analysis skills.

An overarching theme of the core program is an emphasis on analytical thinking, innovation and creativity.

The six one-day master classes are exclusively for MBA students and are designed to address contemporary business issues that arise across the course of your program.

HIGHLIGHTS
- Curriculum designed to promote your career development
- Curriculum covers theoretical and practical skills from a broad perspective
- 50% of the modules will be taught by Sydney Business School - UOW’s very own MBA professors and lecturers (fly-in faculty)
- Master Classes focusing on contemporary issues business
- Students will have the opportunity to hear and work with experts & practitioners from the business & academic world in a series of master classes organized throughout the year
- Focused on analytical thinking, innovation and creativity
- Emphasis on stimulating learning environment using a blend of teaching methodologies that focus on global business issues
- Online teaching and learning resources – access to online library resources and data bases
- Options for study abroad tours
