MASS COMMUNICATION

A broad study of the ways in which information is conveyed through mass media to society, it is generally divided into two forms of media: print and electronic. Print media includes magazines, newspapers and non-periodical publications such as posters, newsletters, brochures and annual reports. Electronic media includes television, radio, video and audio production. New Media, increasingly popular in the field of mass communication, refers to computer-generated audio and video production.

Popular majors / partial list of majors available

JOURNALISM
Journalism is a discipline of gathering, writing and reporting news, and more broadly, it includes the process of editing and presenting news articles. It applies to various media, including newspapers, magazines, radio, internet, digital photography and television. Journalists are expected to be at the scene of a story to gather information for their reports in the field. Reports are almost always edited in newsrooms, the offices where journalists and editors work to prepare news content. Developing investigative skills will lead to better research and reports.

Employment opportunities
Journalist, Broadcast Journalist, Film Director or Film Producer

ADVERTISING
This study involves the planning, creation, production and placement of ads (print) and commercials (broadcast). It includes theoretical and applied aspects of advertising, the design of both periodical and specialized publications. Advertising agencies are responsible for practically all newspaper and consumer magazine ads, outdoor and indoor displays, radio and television commercials, and ads that appear in professional, technical and business-to-business publications. They must create advertisements that persuade the public to buy a product.

Employment opportunities
Desktop Publishing Artist, Advertisement Producer, Advertisement Director, Editor or Scriptwriter

MASS COMMUNICATION
This study concerns the practical application, structure, processes, aesthetics, responsibilities and effects of the mass media and the investigation of the role mass media has played, and continues to play on society and the individual. Mass Communication majors seek out how and why media reflects our social values, and how public policy draws boundaries for such mediums of communication. Students will understand and apply ethical principles that can be used to prevent and resolve potential conflicts and dilemmas in the operation of the mass media, and legal issues and regulations affecting mass communication.

Employment opportunities
A professional course in mass communication opens doors for a career in Films & TV, Publishing, Public Relations, Print & Broadcast Journalism, New Media, Integrated Communication, Strategic Public Relations, Editing, Direction, Filmmaking, Scriptwriting, or Production

RADIO AND TELEVISION (BROADCAST JOURNALISM)
This study examines the history, theory, criticism, and nuts-and-bolts production practices of radio, television, and film. In short, students will learn how to create all manner of electronic media from scratch. The goal of any Radio and Television program is to prepare students for an entry-level position and, ultimately, a successful career in the media.

Employment opportunities
Radio & Television Stations, Government Agencies, Public Relations, Non-governmental Organizations
PUBLIC RELATIONS
Public Relations are vital in every organization as it contributes to a firm’s or institution’s brand identity. It understands and places high value on the establishment of professional and interpersonal relationships. Students will develop decision-making, strategic management, and critical thinking abilities and acquisition of theoretical and research-based knowledge important for their success in the working world.

Employment opportunities
