DIPLOMA IN QUANTITY SURVEYING

Programme accredited by Royal Institution of Surveyors Malaysia

Students are provided with a foundation in the Quantity Surveying practice. Quantity Surveying is developed progressively from the elementary concepts underlying planning, estimates and measurement of building materials as per the Standard Method of Measurement, preparation of tender documents, cost control, cost analysis, contract administration and management of building production in the construction industry. They are prepared with the skills to undertake a wider role in multi-disciplinary teams and a leading role in providing appropriate professional services that maximise value and minimise risk.
