DOCTOR OF EDUCATION

(Online Learning)

The Doctor of Education prepares educational leaders through research, innovation, and evidence-based practice. Graduates develop the expertise to address educational challenges and lead meaningful change across diverse settings.

Delivered through flexible Online Learning, the programme combines advanced theory, leadership, ethics, research, and digital competencies, enabling working professionals to study while advancing their careers.

Graduates are equipped to lead educational transformation, conduct impactful research, influence policy and practice, and promote innovation and lifelong learning.

Highlights

- **Balanced Structure:** 50% coursework and 50% thesis
- **Practical and Theoretical Expertise:** Develop a strong understanding of educational theories, policies, and practices
- **Focus on Contemporary Educational Challenges:** Addresses current global and local issues in education
- **Entrepreneurial Leadership:** Prepare graduates to become innovators and change-makers
