

LEVEL 1.0 STARTER ENGLISH ENHANCEMENT COURSE

(ONLINE LEARNING)

This fully online, self-study general English course is designed for those starting to learn English for the first time and aims to provide students with basic language skills at starter level.

Six topic-based units help students learn basic vocabulary by subject, with each unit divided into the separate language skills of reading, writing, listening, speaking, and vocabulary and grammar.

Each topic includes approximately 1.5 hours of teaching video containing exercises and activities, with each video lasting approximately 15 minutes. To be successful, you should actively work through each video, pausing the recordings at given points to undertake activities that reinforce the learning.

Learning to speak a language well involves learning to think in that language, which means practising what you learn. In particular, you should find time to practise your speaking skills with a study partner, family member or friend.

Programme Highlights

Speaking, Listening, Reading, Writing:

The four main skills are practised through a range of activities, listening exercises, reading passages and starter-level writing tasks. The topics are grouped by themes to facilitate language learning, and are supported by the following vocabulary subjects and grammatical structures:

Grammar:

Range of basic grammar, such as subject pronouns, prepositions, possessives, present tense, and present simple questions.

Vocabulary:

Jobs, alphabet, numbers, countries, nationalities, plural nouns, adjectives, places in a town, natural features, family, verbs with noun phrases, activities, likes and dislikes.

Programme Options

There are two course options:

a) On-demand video:

Access to the learning videos. Students work through the video-based course in their own time.

b) Tutorial package:

Provides full access to the on-demand videos as in Option A, but also includes five tutorial sessions for additional guidance and speaking practice.

Learning Outcomes

By the end of the course, students will be able to demonstrate the following skills:

Speaking: Be able to answer questions, ask and give personal information, talk about favourite food, hometown, present personal profile information, and give information about someone.

Listening: Be able to understand subject, context, and meaning through listening to audio and watching videos of conversations, discussions, and people interacting.

Reading: Be able to understand meaning from text by reading a range of short passages on topics such as food and drink, places to visit in York, life in another country, and a good match.

Writing: Be able to write about yourself, your town, your classmate, and to write holiday messages.
