MASTER OF BUSINESS ADMINISTRATION (FINANCIAL TECHNOLOGY)

The Master of Business Administration (Financial Technology) combines essential business and management knowledge with emerging financial technologies. With a focus on business leadership and financial innovation, it bridges business strategy, finance, data, and emerging technology to develop future-ready leaders for the digital financial landscape.

Students gain specialised exposure to FinTech, data analytics, blockchain, cryptocurrencies, and digital assets, while developing strategic, analytical, and leadership capabilities for today's digital business environment.

It is designed for professionals, managers, executives, entrepreneurs and graduates; the programme prepares learners to make data-driven decisions, develop innovative business solutions and lead technologically enabled transformation.
