MASTER OF EDUCATION IN LEARNING, DESIGN AND TECHNOLOGY

The Master of Education in Learning, Design and Technology (MELDT) program aims to produce education practitioners who are able to solve education related problems in the areas of learning, design, and technology.

The program is specially designed for practitioners to acquire skills and knowledge to drive educational objectives by defining, understanding and exploiting the relevant resources and processes of learning organisations.

Highlights

This is a research-based programme which is suitable for anyone who would like to embark on a postgraduate journey. It is flexible and open to all graduates and working adults. The areas for research are as follows:

- Developing instructional materials for a variety of learning tasks
- Curriculum design and distance learning
- Social, professional, and pedagogic influence of technology in education
- Designing and evaluating effective technology-based learning environments in schools, organisations, and industries
- Learning processes via technology and the development of effective instruction
- Technology and the future of learning in varying environments

Career Opportunities

Educational Program Designer, Learning Strategist, Instructional Design and Evaluation Specialist, Performance Assessment Manager, Training Director, Director of Distance Learning, Education Director, and other related fields.
