

Professional Development Programme

TEAMWORK

The Teamwork programme focuses on the core principles and competencies required to collaborate efficiently with others using team-based tools and platforms.

Effective teamwork involves a group of individuals working collaboratively to achieve a common objective. Collaborative technologies provide a means for team members to communicate efficiently, plan and organise tasks, and share knowledge and information online.

Students will receive an ICDL Certification upon passing the assessment.

Programme Outline

- Introductory Concepts
- Calendars and Task Management
- Communication methods
- Collaborative production

Objectives

- Understand the fundamental concepts behind collaborative tools and platforms
- Improve team coordination and effectiveness by managing calendars and tasks effectively
- Utilise conversations, meetings, and webinars as communication channels
- Use appropriate collaboration technologies to store, share, and exchange information, generate ideas, and produce outputs that align with team goals
