

FOUNDATION IN BUSINESS INFORMATION TECHNOLOGY

This programme is for students who want to pursue a Business or IT degree. In the first semester, students will study common subjects and later on, have the option of choosing their pathway in Business or IT.

Business pathway

Students will study courses relevant to their desired degrees in the areas of management and accounting. These courses provide a fundamental understanding of concepts and principles of how an organisation works, organisational structure and behaviour, market structure, and consumer behaviour.

IT pathway

Students will take up Data Communication Networking, Programming Techniques and Introduction to Database Management System. These courses are designed to enable an understanding of the technical and humanistic aspects of computing.

The IT pathway is not available in Sabah.

Learning approach

Students will be introduced to active learning methodologies like Problem-based Learning. Group discussions and projects will help them develop in areas like study skills, presentation skills, research skills and time management. It will also enhance their critical and analytical skills, preparing them for tertiary studies and the workplace.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous coursework (50%)
- Final examination (50%)

The continuous coursework component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.
