ABOUT INTI

At INTI, our mission is to bridge the needs of tomorrow through the competencies our students gain today, empowering them to become the leaders, innovators and game changers of the future. We are committed towards ensuring our students gain the competencies needed for the workplace of the future, and to work alongside the digital transformations driving today's global businesses in the Fourth Industrial Revolution.

Through our innovative teaching and learning and extensive industry partnerships, we empower our students with the ability to work with smart machines, to process and analyse data for better decision-making, to learn about technologies that impact businesses and manufacturing processes, and to develop professional skills such as adaptability, working with multidisciplinary teams, problem-solving, and a thirst for lifelong learning.

By inspiring our students to explore their passions and discover their true potential through the right skills, tools and experiences, we continue to be a force of change in revolutionising education. Our commitment is to ensure exceptional graduate outcomes, and to transform our students into the dynamic leaders of the future – ones who will lead us in the Fourth Industrial Revolution, and beyond.

INNOVATIVE Teaching & Learning

INTI integrates an array of proven approaches to teaching combined with revolutionary applications of technology in the classroom such as the innovative Blackboard Learning Management System.

Blackboard

With Blackboard, learning does not only happen in the classroom, it happens everywhere. It's a holistic, integrated system to collaborate and interact with fellow students and lecturers. Students can offer and gain feedback from their peers on coursework and perform self-assessments while learning in a safe, nurturing and holistic environment.

INDUSTRY RELEVANCE

INTI has established a strong collaborative network with key leading companies in the industry and has been at the forefront of education innovation by offering an academic curriculum that is not only industry relevant but also immensely effective.

INDIVIDUAL Development

INTI endeavours to include practical experiences in every programme it offers. From practical workshops taught by local and international guest lecturers and industry practitioners who share the ins and outs of the working world, to hands-on practical projects initiated by potential employers.

THE MENTOR-MENTEE PROGRAMME

Expand your social circles and future horizons

New students at INTI are paired up with a senior student who acts as a role model and offers assistance in easing them into academic life. The mentor-mentee programme supports new students to form social bonds and helps them become a part of the close-knit INTI community. These social bonds provide a significant part of the support a student receives during their journey at INTI.

PARENT / TEACHER MEETINGS

Get valuable feedback and grow

To keep abreast of a student's academic progress at INTI, both students and lecturers have access to the Blackboard Academic Learning system which helps them track the areas for improvement. Parents and caregivers are also invited to meet with the student's lecturers and academic staff to discuss their academic performance and explore ways to enhance it.

LINKEDIN

Building your personal brand and your link to a world of opportunities

INTI has established a collaboration with LinkedIn that leverages its powerful connections, and offers training for students to create their personal brand and profile that elevates their opportunities for employability. Regular workshops are conducted to teach students how to create a compelling resume that will resonate with potential employers. With a complete, job-ready LinkedIn profile even before they graduate, INTI students have the perfect platform to build and enhance their personal brand.

MASTER THE HEALING TOUCH

With a tradition stretching for hundreds of years, Traditional Chinese Medicine (TCM) incorporates a holistic approach to treating patients with a combination of acupuncture, dietary therapy, herbal medicine and more. INTI'S Bachelor of Traditional Chinese Medicine (Hons) degree prepares student to be fully trained medical practitioner, exposed to every aspect of TCM integrated with modern medical knowledge and empowered with the right soft skills to succeed.

As Malaysia's first fully accredited academic programme for Traditional Chinese Medicine, the programme is recognised by both the Malaysian Ministry of Health (MoH) and the Malaysian Qualifications Agency (MQA), enabling graduates to pursue a career not only in Malaysia but in China and other countries.

ACHIEVE MASTERY OF MANDARIN AND ENGLISH - TWO OF THE WORLD'S MOST WIDELY SPOKEN LANGUAGES

The Bachelor of Traditional Chinese Medicine (Hons) is a bilingual programme that is conducted in both English and Mandarin with lectures and course materials conveyed in both languages. While a foundation in Mandarin is desirable, non-native speakers are able to undertake complementary elective courses at INTI to achieve a suitable level of fluency in Mandarin. Upon completion of the course, graduates will have achieved mastery of two of the world's most widely spoken languages.

PRACTICAL HANDS-ON COMPONENT

A robust practical component is integrated into the academic programme. As part of their course requirements, students will follow a clinical supervisor to be exposed to standard medical practices in Traditional Chinese Medicine in a medical practice in Malaysia or in China. Students will be called to diagnose patients and perform various treatments under supervision. Upon graduation, students will have completed over 2,200 hours of clinical attachment and hands-on training.

This hands-on component is an invaluable foundation when graduates undertake their housemanship programme after graduation. To gain international exposure, and as part of their training, selected students will also be called upon to attend global symposiums and talks as well as participate in voluntary humanitarian efforts.

COLLABORATION WITH CHINA'S BEST UNIVERSITIES FOR TCM

Students can complete the course in Malaysia (5+0) with internship programmes locally or overseas in China or alternatively complete one or two years of the course (3+2 or 4+1) via a transfer programme at the Beijing University of Chinese Medicine, the Shandong University of Traditional Chinese Medicine, and the Tianjin University of Traditional Chinese Medicine in China. Successful completion of a two-year transfer programme at the Beijing University of Chinese Medicine entitles a graduate to receive a dual graduate degree conferred by both universities. The 3 universities are consistently ranked as the top 10 universities for Traditional Chinese Medicine in China.

PRESTIGIOUS PARTNER UNIVERSITIES

INTI Traditional Chinese Medicine (TCM) programme offers one of the most diverse articulation pathways possible for those seeking a career in TCM with the option to transfer to a host of world-class universities in China.

BEIJING UNIVERSITY OF CHINESE MEDICINE, CHINA

Founded in 1956, it is the only traditional Chinese medical higher learning institution that has earned a place in the “211 Project” for national development.

SHANDONG UNIVERSITY OF TRADITIONAL CHINESE MEDICINE, CHINA

One of the most famous TCM universities in China, it is recognised for excellence in clinical medicine, pedagogy and scientific research.

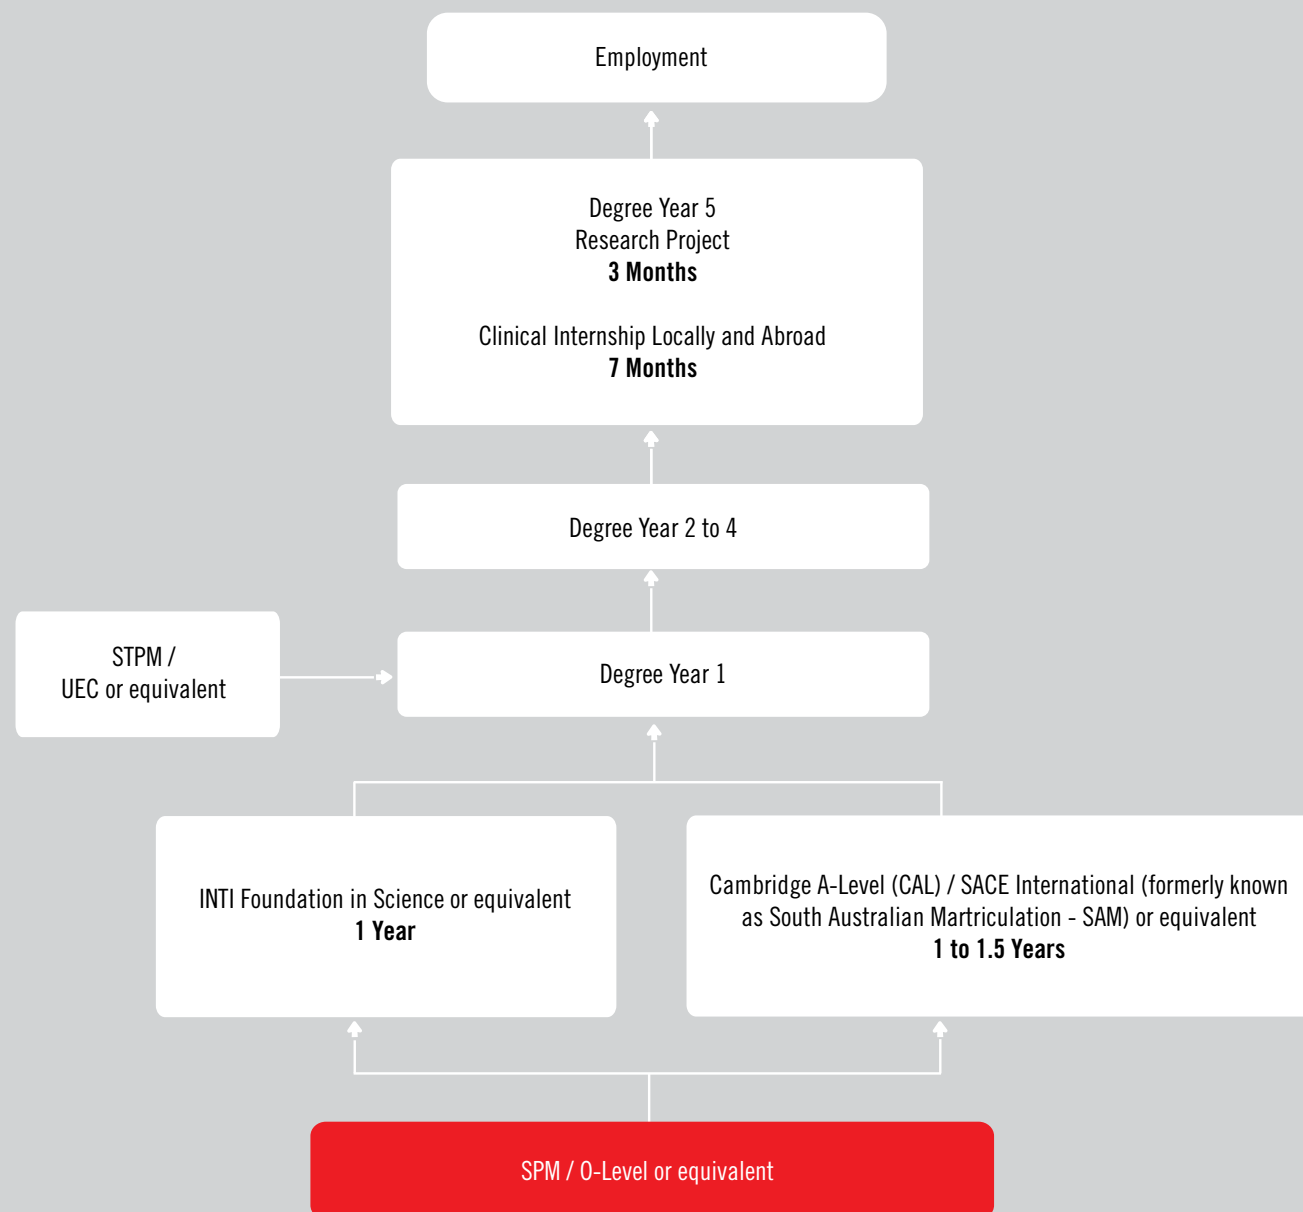

TIANJIN UNIVERSITY OF TRADITIONAL CHINESE MEDICINE, CHINA

Established in 1958, TUTCM has one of the best TCM hospitals in China. The University has an excellent state-of-the-art learning environment with distinguished teaching faculties, and is the forerunner in TCM research and development.

INTI TCM PATHWAY

ENTRY REQUIREMENTS

Foundation in Science

Biological Science / Bioscience & Pure Science / Other Science Area Pathway

*SPM / O-Level / Equivalent:
5 credits including Mathematics and two other Pure Science subjects and a pass in Bahasa Malaysia and English

*UEC / Equivalent:
3Bs including Mathematics, two other Science subjects and a pass in English

*Note: Depending on the final degree choice (Medicine, Dentistry, Pharmacy, Health Science and Allied Health). Please refer to the Head of Programme for further information on the requirements.

Bachelor of Traditional Chinese Medicine (Hons)

INTI Foundation:
Completion of Foundation Programme (Science) with minimum CGPA of 2.5 and above

Foundation in Chinese Medicine with a minimum CGPA of 2.5 and above

STPM (Science Stream):
CGPA of 2.5 and above

STPM (Arts Stream):
CGPA of 2.5 and above with credit in Mathematics and 2 Science subjects at SPM level

UEC:
Minimum 5Bs
(Including one Science subject)

A-Level:
2C
(Including one Science subject)

SACE International (formerly known as South Australian Martrication (SAM) :
5 subjects with TER of 75
(Including one Science subject)

NSW HSC:
Minimum 10 units with ATAR 75
(Including one Science subject)

Australian Year 12:
Minimum TER / UAI / ENTER of 75
(Including one Science subject)

Canadian Pre-U:
Minimum 6 passes (Including one Science subject with an average score of 70%)

INTI Diploma:
Minimum CGPA of 2.5 and above (Subject exemption can be granted up to 30%)

Others:
Please refer to INTI International University

Students are required to sit for a Chinese Challenge Examination. Upon passing, they will be exempted from relevant levels of Chinese Medicine Language subjects.

FOUNDATION IN SCIENCE

This programme prepares students for admission into Science-related degrees at INTI. It is designed to equip students with solid fundamental knowledge of their field of study, which includes Physics, Chemistry, Mathematics, English and Basic Computing.

Learning approach

Students will be introduced to various active learning methodologies such as problem-based learning, group discussions and projects, helping them develop academically in areas such as study, presentation, research and time management study, which are all prerequisites for academic success. This will further enhance the critical and analytical skills of our students, preparing them for the demanding workplace.

Assessment

Assessment of individual courses in the Foundation programme consists of two components:

- Continuous course work (50%)
- Final examination (50%)

The continuous course work component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

BACHELOR OF TRADITIONAL CHINESE MEDICINE (HONS)

This programme is helmed by highly qualified TCM practitioners from Malaysia and China, providing students with a strong foundation in TCM clinical practices and treatments. The programme is highly adaptable, equipping students with more than 2,200 hours of practical training.

Students will need to complete five months of internship at the Beijing University of Chinese Medicine, Shandong University of TCM or Tianjin University of TCM. They will graduate with sound traditional medical knowledge backed by established scientific principles, which they can apply to a successful career in TCM.

Career opportunities

With the passing of the Traditional & Complementary Medicine Act, the profession will be regulated by the Ministry Of Health. Graduates can choose the following pathways:

- Apply to work with the Ministry of Health
- Apply to work as a Practitioner
- Set up their own TCM clinics
- Enter into the academic line with research
- Enter into the Chinese pharmaceutical industry
- Health Consultant

Offered at

INTI International University
(R2/721/6/0042)(06/24)(A8767)

INTAKES: JAN & JUL

Duration

5 Years

Programme structure

Year 1

- Anatomy

- Design Thinking Communicating in Malay 3 (International students)

Electives (optional)

- Wu Yun Liu Qi and TCM Disease Prevention
- TCM Different School of Thoughts

* Applicable to INTI International University only.

HEAR WHAT OUR ALUMNI SAY

“The Traditional Chinese Medicine (TCM) degree I obtained from INTI has equipped me with the skills I need in my practice and collaborations with medical practitioners all over the world. I am glad that whilst at INTI I was strongly encouraged to participate in extracurricular activities because this helped mould me into the person I am today. An achievement I am particularly proud of is to have helped establish Malaysia’s very first University Traditional Chinese Medicine Aid Team.”

ETHAN LING LII CHAU
TCM Practitioner, PinPoint Physio & Acupuncture
Bachelor in Traditional Chinese Medicine (Hons)

“I enrolled at INTI because it was the first university in Malaysia to offer Traditional Chinese Medicine (TCM). Also, INTI’s facilities and study environment were great, plus it had an in-house TCM centre for clinical attachment. Today, I am working at a TCM clinic in Kuala Lumpur. I am also honoured to be the Vice-Secretary of the Malaysian Chinese Medical Association (MCMA), which is the only TCM organisation recognised by Ministry of Health.”

EMILY GAN SIOU WEN
TCM Practitioner; Vice-Secretary, Malaysian Chinese Medical Association (MCMA)
Bachelor in Traditional Chinese Medicine (Hons)

“Being English-educated, I knew that earning the Traditional Chinese Medicine (TCM) degree would not be easy. Thus, I am extremely grateful to INTI TCM’s wonderful faculty Director and staff for their guidance and inspiration throughout my five years of study, which culminated in my obtaining a 1st Class Honours TCM degree. I have a fulfilling family and work life, co-published a research paper in 2019 and am also actively producing natural herbal products.”

JUNE PING LIM
Chief Physician, JUST TCM
Bachelor in Traditional Chinese Medicine (Hons)

“I chose INTI because it was the first university to receive MQA (Malaysian Qualifications Agency) recognition for its Bachelor of Traditional Chinese Medicine (TCM) degree. I definitely benefited from the bilingual English and Mandarin medium of instruction and am also thankful for INTI’s scholarship. Besides my mother, the tremendous support from seniors, lecturers and faculty staff gave me the strength to go on and has led me to where I am today.”

SER XIN EE
Chinese Physician cum Association Liaison Officer,
Malaysian Chinese Medical Association (MCMA)
Bachelor in Traditional Chinese Medicine (Hons)

“I thoroughly enjoyed campus life at INTI. There was good food nearby and I built many lasting friendships. In my opinion, INTI has the best lecturers and curriculum to help prepare students for the working world. When I graduated with my degree, I felt ready and confident to treat patients and share ideas. Thanks to INTI, I have a job where I can apply my skills, learn new skills and build my career.”

LEE YU JIE
Chinese Physician & Acupuncturist, Zhao Xi TCM Centre Sdn. Bhd.
Bachelor in Traditional Chinese Medicine (Hons)
